Carson City, NV 89701

EASTERN SIERRA AND NORTHERN NEVADA TRIBAL OPERATOR CERTIFICATION WORKSHOPS

These workshops are being offered to the Tribal water operators and tribal environmental departments in the Eastern Sierra and Nevada region. The purpose of these workshops is to provide a forum to discuss topics that are used in the day to day running of the drinking water systems and evolving drinking water technologies, regulations, and issues facing Tribal water as well as Tribal environmental departments.

The meetings also support local Tribal water operators by providing contact hours needed to maintain drinking water certification and base knowledge to use to study and take the testing to get a water operator license. These meetings allow for networking with local operators and environmental staff.

The Workshops sessions will be planned for throughout the year and coordinated by local RCAC technical assistance providers. The gathering will be held online and in person.

6 CA Drinking Water Contact Hours

Please pre-register at your earliest convenience

Electronic registration is provided at:

<https://www.events.rcac.org/assnfe/ev.asp?ID=4329>
